

AGSAAB Audible Alarm Strobe

Key Features:

- Alarm/siren offers 32 selectable sounds and volume control
- Include high intensity LEDs
- 8 flash patterns
- Typical working properties of polycarbonate are -40° to 250°F
- Three year guarantee against breakage of polycarbonate in normal use (one year on electro mechanical and electronic components)
- Designed to meet the requirements of NEMA 13 / IP54

Product Overview:

The AGSAAB is a highly effective way to provide a visual and/or audible indication of an alarm. The combination of alarm and super bright flashing LEDs offer excellent protection for an array of circumstances as they draw attention in a hurry. The sirens and strobes will work in conjunction with our AGS Controls control panels.

For other applications contact AGS Controls for additional technical information.
